Rose is very thoughtful and works hard to provide top quality care to her clients. She helped my family through a very difficult time and I appreciate how thoroughly she sees things through!

I could not be happier with Delmi Quijano and her assistant Maria. They made the sale of my house a excellent experience.

I am totally satisfied with the way Delmi handled the sale from beginning

to closing. She kept me informed all the way through the process. Delmi's assistant Maria was a pleasure to work with as she also kept me informed.

Also, the Escrow company Delmi hooked us up with (on Track Escrow) was extremely efficient and courteous.

I would recommend Delmi Rose Quijano to anyone needing a great realtor. [Less ^](#)

When I need a real professional I know to go to Delmi. I've bought and sold 5 houses since the early 90's and without a doubt Delmi has brought the best buying and selling process on 3 of my 5 transactions. I wish all 5 were with her.. If there was a problem, she was quick to solve it. Her suggestions were always correct and on point. A professional attitude, and you know it from the start that she is seasoned and well versed in her job. Thank you Delmi you've made my home transactions a pleasure and I know I can trust you to handle everything for me! [Less ^](#)

Throughout my real estate investment endeavors I have never experienced the dedication and tenacity exhibited by Ms. Delmi Quijano in her approach to sell our home! Her marketing approach was creative which allowed us to secure the best possible price in a finicky housing market. With her extensive knowledge of the local real estate market, she pursued a marketing plan that introduced the home to a much larger metropolitan target area. Capitalizing on the affordability of homes in the high desert, Ms. Quijano was able to create interest and success outside the immediate area. She negotiated obstacles with zeal and determination which at times appeared to be impossible to overcome. This transaction was not your average real estate sale, but involved the challenge of a 1031 property exchange. Ms. Quijano stepped forward and enthusiastically embraced the concept. Ms. Quijano was an eminent and dedicated professional in her conduct and performance of executing the sale. [Less ^](#)
